# RESEARCHERS CIRCLE MEETINGS 2024

- We will convene meetings about every 6 weeks to progress our collaboration
- Each time we run these meetings we offer two alternative times -
  - Day 1: Afternoon 5-6.30 PM CET
  - Day 2: Morning 9-10.30 AM CET
  - We alternate days to allow for participation if people have some other standing commitments
- Between these regular meetings we will try to plan monthly meetings for the thematic interest groups
- The Global Framework Process including the 1 Question Survey and other qualitative data will be run with a separate schedule between country teams to allow these to be mainly focused on sharing and learning about
- If you want to share the opportunity to join the Researchers Circle Meetings - registrations can be done here <https://forms.gle/nw7etAP76SM9yaz57>
